

Medical Imaging UNIVERSITY OF TORONTO

Medical Imaging Alumni Research Promotion Award

Purpose:

To provide a financial award to junior clinical faculty in the department as a stimulus to initiate and carry out a research project.

The nature and scope of the research must be relevant to medical imaging, including clinical imaging, imaging education, basic science, physics and applied technology relevant to medical imaging (either radiology or nuclear medicine). The project should be completed within a timeframe of one to two years.

Guidelines:

The award will be open to new full-time academic faculty within 3 years of Appointment in the Department of Medical Imaging at the level of Assistant Professor or Lecturer.

One award, of up to \$2000.00, will be presented annually with the funds distributed according to the project requirements.

Eligible faculty must apply for the award by submitting an application to be received by the announced deadline, and using the application form provided by the department.

Application process:

The application deadline will be announced annually to department clinical faculty. The application form will be made available to department faculty.

Award Committee:

Department Chair or delegate.

Alumni Committee Head or delegate.

Two faculty members who have research experience, to be appointed by the Department Chair.

In selecting the Award project, the Committee will place merit on the practicality, usefulness and impact of the proposed research project.
