FOD-1 Recognizing normal radiologic anatomy and its variants

Transition to Discipline (TTD) constitutes your PGY1 (13 blocks).
Foundations of Discipline (FOD) constitutes part of your PGY2 (10 blocks).
Residents should aim to log a minimum of 2 EPAs per week.

Criteria:
1. Residents are responsible for completing a minimum of 12 (twelve) FOD1 EPA’s.
2. To be completed by staff radiologists, other faculty members, fellows, or senior residents.

Dimensions:
1. This EPA builds on the skills of the Transition to Discipline stage to include a variety of imaging modalities.
2. Residents must collect observations from the following:
   a) At least 3 from each body region (abdomen/pelvis, cardiothoracic, MSK, neuro/ head and neck)
   b) A variety of imaging modalities (CT, radiography, ultrasound, other)
   c) At least 8 by image review
   d) At least 5 different assessors
   e) At least 3 staff radiologists

Rotations in TTD to Complete this EPA include:
- Introduction to Diagnostic Radiology: Chest Imaging
- Introduction to Diagnostic Radiology: Computed Tomography

Rotations to in FOD Complete this EPA include:
- Ultrasound
- Computed Tomography
- Chest Imaging
- Neuroradiology
- Musculoskeletal Imaging
- Emergency Trauma Radiology
- Breast Imaging
- Vascular and Interventional Radiology
- Gastrointestinal Imaging
- Cardiothoracic Imaging

How to Complete an EPA:
1. Login to Elentra, initiate the EPA and provide the assessment demographics. This can be done on your mobile phone or computer.
2. Complete the assessment scale for each dimension.
3. Using the global entrustment scale below, decide whether the resident can be entrusted (Competent and Proficient) overall to perform this activity with a similar case in the future. In general, residents are not expected to be entrustable early in a new stage of training.
4. Discuss feedback and attain coaching tips.
