

Sample Vascular and Interventional Radiology procedure log

Dr. XYZ, 20xx

<i>Date</i>	<i>Procedure</i>	<i>Primary/assistant/observer</i>	<i>Most responsible physician</i>
03-Feb-99	venous sampling for PTH	assistant	Symons
03-Feb-99	CO ₂ renal angio	primary operator	Pugash
03-Feb-99	PICC	primary operator	David
03-Feb-99	percutaneous gastrostomy	observer	Etc
02-Feb-99	cerebral arteriogram	observer	Etc
02-Feb-99	transrectal drain	assistant	Etc
02-Feb-99	renal angio	primary operator	Etc
02-Feb-99	bilateral ICA	primary operator	Etc
02-Feb-99	stent graft left femoral	assistant	Etc
01-Feb-99	right IJV UC line	primary operator	Etc
01-Feb-99	percutaneous gastrostomy	primary operator	Etc
01-Feb-99	inferior petrosal sinus sampling	assistant	Etc
01-Feb-99	PICC	primary operator	Etc
01-Feb-99	renal biopsy	primary operator	Etc
01-Feb-99	embolization meningioma	assistant	Etc
29-Jan-99	TIPSS	assistant	Etc
28-Jan-99	pulmonary arteriogram	assistant	Etc
28-Jan-99	renal angioplasty + stent	primary operator	Etc
28-Jan-99	biliary drain exchange	primary operator	Etc
27-Jan-99	cholangiogram and tract dilatation	primary operator	Etc
27-Jan-99	embolization – pAVM	observer	Etc
26-Jan-99	arch & carotids + selectives	primary operator	Etc
26-Jan-99	Hickman - right IJV	primary operator	Etc
26-Jan-99	UFE	assistant	Etc
26-Jan-99	pulmonary arteriogram	primary operator	Etc
25-Jan-99	gastrostomy replacement	primary operator	Etc
25-Jan-99	ETOH ablation – renal	assistant	Etc
25-Jan-99	port-a-cath	primary operator	Etc

Procedure log summary

Dr. XYZ, 20xx-20xx

<i>Procedure</i>	<i>Total</i>
abscess - transrectal drains	8
abscess - percutaneous drains	26
angiograms - selective studies, including venous selectives	113
angiography - carbon dioxide	3
angiography – fistulagrams	42
angioplasties - renal artery stents	5
angioplasties - vascular stents (excluding renal artery stents)	17
angioplasties - with and without stents	24
arteriograms - arch studies	45
arteriograms - brachial punctures	8
arteriograms – cerebral	23
arteriograms - femoral (all approaches)	161
arteriograms – mesenteric	9
arteriograms - nonselective studies	44
arteriograms – pulmonary	37
arteriograms – femoral	94
biliary drains	23
biliary stents	8
biopsies – bone	3
biopsies – lung	7
chest tubes	19
Cholecystostomies	11
embolizations – other	6
embolizations – pAVMs	17
embolizations - uterine fibroids	21
feeding tubes - nasojejunal tubes	14
feeding tubes - percutaneous gastrojejunostomies	18
feeding tubes - percutaneous gastrostomies	38
IVC filters	2
miscellaneous procedures	17
Nephrostograms	18
Nephrostomies	22
Paracentesis	9
sinograms (including tube checks)	32
stent-grafts	3
stone extraction – biliary	4
stone extraction – renal	9
Thoracentesis	4
thrombolysis – arterial	18
thrombolysis - dialysis access	25
TIPSS	3
tube changes - abscess, feeding tubes, biliary, etc.	46
ureteric stents	18
venous access - line insertions - all types	69
venous access - line insertions - dialysis	10
venous access - line insertions - Hickman	41
venous access - line insertions - PICC	10
venous access - line insertions - ports	12
venous access - line removals	28

Sample logbook for diagnostic studies:

Summary for the period between 01-JAN-04 and 15-JUN-04

Reports Dictated By: XXXXXX

Number of Angio-Interventional Reports Dictated: 0
Number of OPD Imaging Reports Dictated: 0 Number of
CT Reports Dictated: 331
Number of Cardiology Reports Dictated: 0
Number of Emergency Imaging Reports Dictated: 0
Number of GI/GU Reports Dictated: 0
Number of MRI Reports Dictated: 297
Number of Nuclear Medicine Reports Dictated: 0 Number
of OR Reports Dictated: 0
Number of Ultrasound Reports Dictated: 0
Number of MEG Reports Dictated: 0 Number of
Consult Reports Dictated: 9

Total Number of Reports Dictated: 63
"Total Number of Reports Dictated" - Broken down by Modality:

Total # of CT Exams: 337 Total
CT Study Count: 344

Total # of AI Exams: 0 Total
AI Study Count: 0

Total # of NM Exams: 0 Total
NM Study Count: 0

Total # of US Exams: 0 Total
US Study Count: 0

Total # of MR Exams: 330 Total

Sample Academic Log

Academic log xxx xxx July 20-- – June 20

Vascular and Interventional Radiology (VIR) Fellowship

University Health Network, Toronto

MDT's and seminars

- Weekly Thursday 7:30-8:30am – seminars
- Weekly Friday 8-9am – Divisional VIR rounds
- Weekly Wednesday 4:30-5:30pm – EVAR rounds (MDT)
- Weekly Tuesday 4-5pm – hepatoma tumour board (MDT)
- Monthly Citywide VIR rounds

Meetings & Conferences

- Society of Interventional Radiology (SIR), Atlanta, USA. Feb 2015
- Canadian Interventional Radiology Association (CIRA), Montreal, Canada. May 2015

Presentations

- Case presentations at each citywide VIR rounds attended
- Oral presentation at the Society of Interventional Radiology Conference in Atlanta, USA, Feb 2015: Randomized study of two radiologically-guided percutaneous gastrostomy insertion techniques
- Poster presentation at the Society of Interventional Radiology Conference in Atlanta, USA, Feb 2015: Pictorial review of the complications of branched and fenestrated endovascular repair
- Case presentation at Fellows day, CIRA May 2015

Research

- A Randomized Trial Comparing Radiologic Pigtail Gastrostomy and Per-Oral Image Guided Gastrostomy: Intra- and Post-Procedural Pain, Radiation Exposure, Complications and Quality of Life (Manuscript submitted to JVIR)
- Intraoperative CT Angiography for Evaluation of Technical Success of Endovascular Aortic Aneurysm Repair (Manuscript in preparation for submission to JVIR)
- A Pictorial Review of Complications Following Branched and Fenestrated Endovascular Aneurysm Repair (Manuscript in preparation)

Sample Academic Log

FELLOWSHIP ACADEMIC LOG 20xx/20xx – Dr. XXX XXX

WOMEN'S IMAGING ST MICHAELS HOSPITAL

COURSES / MEETINGS ATTENDED

- OAR Emergency Radiology Symposium
- OAR Breast Imaging Symposium
- Organ Imaging Course
- RSNA
- Meeting of the Canadian Association of Radiologists
- Meeting of the American Institute of Ultrasound in Medicine
- Tabar Breast Multimodality Screening course with MRI

PRESENTATIONS AT SCIENTIFIC MEETINGS

1. -----, **xxxxxxx**, -----.. Title. Conference of the American Institute of Ultrasound in Medicine, New York, New York, 2016
2. **xxxxxxx**. Title. Annual Meeting of the Canadian Association of Radiology, Montreal, Quebec, 2016

RESEARCH PROJECT

Title.

Supervisor's Name: Dr. xxx xxx, Email: -----

Status: Manuscript completed and ready for submission.

Accepted for presentation at the 2016 Royal College Simulation Summit (October).
